NEW FOR 2017

Drug Testing/Residue Avoidance Rules

Drug Testing Policy
All entries are subject to random testing. The Heart O' Texas Fair & Rodeo (HOTFR) reserves the right to test any animal officially entered in the livestock show for foreign substances including drugs, chemicals or feed additives. Grand and Reserve Grand Champion Junior Market winners and the Supreme and Reserve Supreme Champion Breeding Heifer will be tested at the conclusion of the champion drive. Randomly selected animals will be tested after the completion of their respective class. The Heart O' Texas Fair & Rodeo maintains a **Zero Tolerance Policy** for unethically fitted livestock. This includes but is not limited to the use of off label drugs and non-antibiotic therapeutic medications.

Use of Drugs
The use by non-veterinarians of animal drugs or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law. Exhibitor and exhibitor's parents and/or guardians agree that: (1) they are absolutely and completely responsible persons for the care and custody of their animals, (2) the HOTFR shall be entitled to disqualify an exhibitor whose animal tests positive for any drug, even if the exhibitor and the exhibitor's parents or guardians are innocent of any wrongdoing and did not administer the drug, (3) the drug test results of the testing laboratories are final and binding upon the exhibitor and the exhibitor's parents and/or guardians. Even if the source of the drug is unknown, the HOTFR shall be entitled to disqualify the exhibitor.
