We are Wings Event Center.

We believe we are a hospitality company first and professional event venue second, a concept which sets us apart from many other event venues throughout the country. We are proud to deliver great service in addition to our expertise in event management.

As a venue we offer entertainment options such as concerts, professional hockey, family shows, leadership conferences, recreational activities, expos, and much more. We are able to host events of any size in our three full size arenas featuring unique and flexible spaces. With strong connections fostered with local businesses and media partners, we are your ideal partner in creating successful events. **We want you to bring your vision to life.**

AUDIO VISUAL INFORMATION

HOUSE SOUND SYSTEM

The house sound system is state of the art 3 layer array clusters. In the main arena twelve (12) in total. The main audio board is in the control room but we also have an XLR port in the PA booth, between the penalty boxes for your convenience. This will allow you to bring in your own audio mixing console and plug directly into the house system. We have the ability to play separate music or arena audio on the concourse. We can even record a custom greeting to be played on the loud speakers outside the Event Center to greet your guests.

MAIN SYSTEM LOUDSPEAKERS

Distributed loudspeaker clusters for main seating.

Main system and features

Main operator controls including amplifier, mixing board, and signal processing electronics in Control Room above section 8.

Operator controls include the ability to turn off loudspeaker zones for various seating configurations. (When Console is on network)

The overall system provides music production from a variety of sources

In the control room there is a 1/8th inch jack for your computer or any other music playing device.

As well as on in the PA booth for immediate access to the floor/ice.

HOUSE CLEAR-COM

The house clear-com headset system is a 2-channel, fully matrixed hard-wired system to many locations throughout facility: PA booth, control room, all four (4) spot lights and one (1) wireless pack.

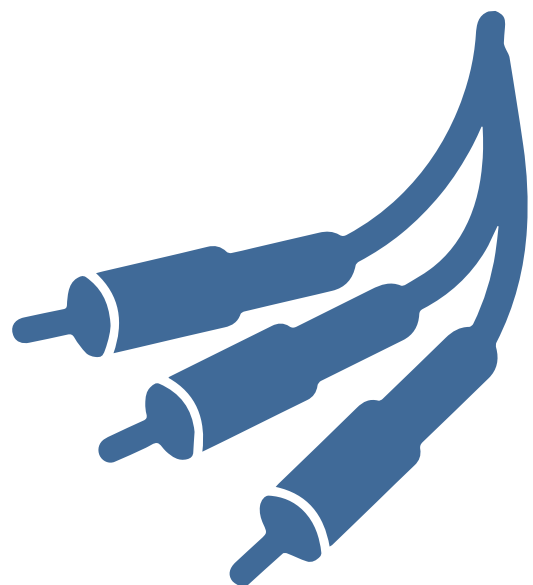

LIGHTING

House Lighting

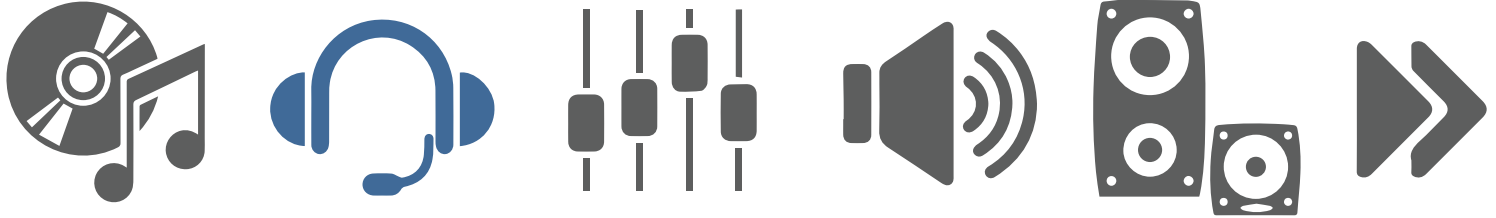

House lighting is controlled by a breaker panel in the control room. Spots over the seats and fluorescence over the floor.

SPOTLIGHTS

The Arena owns (4) spotlights available for use two (2) are located in the control room and broadcast booths, the other two are on platforms at the south end.

AUDIO VISUAL INFORMATION

AREA INFORMATION KALAMAZOO

WE LOVE OUR CITY!

Located 147 miles from Chicago, and 139 miles from Detroit, Kalamazoo is a thriving metropolis of 75,000 residents. The city is easily accessible from both I-94 and U.S. 131, which span across the state East to West and North to South. Kalamazoo is home to a vibrant downtown with things to do, see, and explore. For more information, visit DiscoverKalamazoo.com.
