

VIEW OUR WORLD

Our Story.

SMG is the “gold standard” in public facility management. No municipality or outside management company can match the breadth and range of our capabilities.

Since SMG was founded in 1977, we have brought facilities under management worldwide. A measure of the confidence we inspire among clients is our unparalleled record of client retention. SMG is known as a tireless advocate for the municipalities we represent. We have the programs, systems and talent in place to ensure that all SMG-managed facilities run smoothly and every event we host feels like a celebration to patrons, fans and guests. Stadiums and arenas, convention centers, performing arts theaters and recreational events centers are the signatures of a city. They create a vibrant cultural life for residents, build tourism, and foster a robust local economy. A city’s reputation depends on the excellence of its public facilities - and so does ours.

Stadiums + Arenas

VENUES

SMG-managed stadiums and arenas have played host to some of the world's premiere sports events, including the Super Bowl, World Cup Soccer, Winter Olympics, and Commonwealth games. SMG manages more NCAA events than any other single facility or company in the country, and books entertainment as varied as the circus, music extravaganzas and Disney on Ice. Our reputation for consistency and quality precedes us, which is why national promoters and agents often express a preference for booking with SMG-run stadiums and arenas.

SMG standardizes contracts, management tools, financial systems and maintenance policies throughout our network of managed properties to adhere to best practices. All SMG onsite managers enjoy the advantage of SMG's vast resources, from our corporate-wide booking system to the collaborative spirit within SMG to share leads, develop programs and innovate marketing approaches that will increase revenue at each facility.

Convention + Exhibition Centers

VENUES

With our extensive network of convention, exhibition, and conference centers, SMG has the knowledge and experience to leverage companies seeking new venues and destinations to host their events. Our database of events planners is second to none, and our electronic access program makes it easy for planners to shop dozens of SMG venues and learn availability and pricing without delay.

For municipalities, SMG turns conventions and trade shows into business tourism dollars by partnering with local Convention and Visitors Bureaus and hotels to promote regional attractions and demonstrate that this is a great place to conduct business. Customer service is the key at all SMG venues, and SMG's ongoing k'nekt™ training workshops teach employees how to act as ambassadors for the facility by creating a business friendly environment and a positive experience for all who enter the building.

Performing Arts Theaters

VENUES

Through SMG, performing arts theaters in every market gain access to the world's top talent. Major promoters and agents make it a point to alert SMG Booking to upcoming tours, and even participate in bi-weekly SMG conference calls to brief site managers in greater detail. The reason is not just the large number of performing arts theaters that SMG represents, but SMG's total commitment of sales and marketing support. As a matter of policy, we work closely with the local CVB and community groups to promote and advertise coming attractions and develop inclusive hotel packages for convention goers and out-of-towners.

Crowd-pleasing entertainment is only part of our strategy. We are dedicated to making every patron feel like a guest even before they walk into the theater. This attentiveness begins with the ease of buying show tickets online, to the courteousness of ticket takers and ushers, to the elegant food and beverage bar in the pre-function gathering area. By making every event feel like a special occasion, it isn't just the patrons who are eager to return, the visiting artists and their promoters are too.

Recreational + Equestrian Centers

VENUES

In the specific-use venue sector, equestrian centers are growing in popularity. Increasingly, municipalities recognize their significant revenue-generating potential, both in terms of exhibitor fees and the tourist dollars they add to the local economy.

SMG is uniquely qualified to serve this market on a national scale. Every SMG equestrian center is managed by people with first-hand equestrian training. Whether it is dressage, jumping or roping, they know the components required. Skilled footing specialists, maintenance workers who service the arenas and stalls throughout the event, and full-time bedding and feeding personnel are an important part of our team.

As equestrian organizations plan their national circuit, SMG-run venues head the top of their list because promoters know that SMG will make sure that the right conditions exist at every facility in every part of the country.

SMG International

VENUES

Today live entertainment, spectator sports, trade show and convention businesses cross over national borders and appeal to worldwide audiences. As a result, booking agents and events promoters and planners look for consistent quality and service wherever they go, along with the ease of doing business with one company that they know and trust. SMG offers them that assurance. We are a respected presence around the globe. SMG is Europe's biggest arena operator. In the UK, SMG also manages a number of smaller contemporary and historic theater venues.

The public facilities we manage internationally benefit from SMG's thoroughly tested operating systems, ongoing relationships with top entertainment and sports promoters, and highly successful sales and marketing programs. SMG integrates the world's best practices into every venue we manage.

SERVICES

**National advocacy with promoters and agents
Cooperative and synergistic marketing**

SMG's booking department is proactive and exceptionally well-connected when it comes to bringing major entertainment and sports attractions into SMG-managed facilities. The more than 1.6 million seats under our managed care ensures that we are among the first to hear of booking opportunities.

We enjoy excellent and ongoing relations with leading agents, artist management firms, performing arts agencies and promoters who value our input particularly when placing events in mid-level markets. SMG is a brand they trust. We understand their marketing initiatives and can implement them throughout so they don't have to negotiate individually with each facility. The SMG name gives them the confidence to book multiple venues with us in a single phone call.

Municipal clients too benefit from our knowledge of the market, backed by pro forma data showing similar market/building comparables to facilitate forward planning.

Exposure at industry trade shows
Lead generation

For convention planners worldwide, the SMG name carries the brand promise of a well-run facility and unparalleled expertise in all phases of convention planning. This assurance has won us national contracts from major corporations as well as repeat business from event planners looking to rotate their conventions around the country.

Through web links, email news blasts, bulk advertising buys in trade publications and participation in major convention planner trade shows, SMG gives municipal clients exposure that may be prohibitively expensive to buy on their own. We also utilize the full-range of electronic capabilities, including a proprietary online events calendar and booking system that enable SMG onsite sales directors to share leads and co-sell properties. Property owners benefit from the full force of SMG working to send business their way, and events planners gain the ability to check SMG venues and available dates 24/7.

Punch list creation

SMG is the only public facility management company that offers comprehensive services in the areas of design, operations, building systems, and furniture and fixtures. Whether renovating an existing facility or building a new one from scratch, our Design and Operations team can help integrate features that enhance functionality.

Over the past 40-plus years, we have documented best practices and identified what works and what doesn't. Building owners frequently call upon SMG to advise architects and contractors on a facility's work flow requirements, from the box office and loading docks to the dressing rooms and commercial kitchen. Considerations anticipate future needs such as placement of advertising signage and allowances for revenue-producing opportunities such as food kiosks. Installing the proper equipment and operating systems at the start increases ease of maintenance and cost efficiency, and lets building owners pursue the kind of events they envision for their property.

Sustainability programs

The right food and beverages add to the hospitality and festivity of any event, and Savor knows precisely what suits the occasion. Savor's talented culinary team emphasizes farm-to-table freshness, traditional and regional favorites, sustainable seafoods, and all manner of special requests from trend du jour appetizers to homey mac-and-cheese.

Savor accommodates the full range of client needs, offering three categories of services: Catering in stadium suite settings, at conventions and special events; Retail Concessions in stadiums, arenas and convention centers, and Premium in clublike lounges, performing arts theaters, freestanding restaurants and cafes and concierge service.

In every case, Savor looks for ways to better serve customers and boost revenues for the facility by integrating technologies such as payment kiosks, utilizing high-traffic lobby areas for food and beverage carts, and adopting green initiatives that make food service in a facility 100% recyclable and compostable.

The Best Looking Buildings...and How They Stay That Way

It's All About Maintenance and Operations

SMG Operations and Maintenance Excellence

SMG is the only public assembly facility management company to provide a professional asset management approach to day-to-day venue operations. SMG has achieved this by establishing policies and procedures specific yet flexible for each facility through its dedicated, corporate Operations & Development Department. SMG accounts are provided support through resources and technology to meet their clearly defined expectations. A system of measuring compliance is then used to gauge results. The entire system is then reviewed to ensure continual improvement.

BEST PRACTICES POLICIES AND PROCEDURES - AREAS OF FOCUS:

- SMG Maintenance - Preventative maintenance program.
- Safety Management - Emergency plan, work place safety, security, etc.
- Back-of-House Operations - Event set up, change overs, logistics, etc.
- Housekeeping - Procedures, methods, procurement and staff training.
- Sustainable Practices - Green initiatives customized by each venue.
- Capital Improvement Planning - Asset replacement, repair and procurement.
- Event Services - Event coordination, patron/guest services, event work orders.
- Technical Services - Video production, audio production, sound and light rigging, IT, etc.
- Utilities Management - Energy conservation, lighting retrofitting, etc.
- Third Party Contract Administration - Elevator/escalator maintenance, etc.

The Nicest Buildings...and How They Get That Way

It's All About Customer Service

k'nekt Training Programs

SMG believes in developing our employees. We want to provide tools that will help our employees to be better in all aspects of their lives: their work life and their personal life. We designed a program exclusively for our unique requirements. We understand the importance of hospitality and quality of service, of increasing sales and driving revenues, of always looking to exceed guest, client, and customer expectations.

SMG EMPLOYEES:

- We Engage our customers by making a great first impression through our body language and facial expressions.
- We Celebrate our affiliation with the SMG team by presenting ourselves and wearing our uniform with pride.
- We Entertain our guests by acting as a host of events and ensuring that each and every guest has a positive experience.
- We Amaze our patrons by going above and beyond to really WOW them. Satisfied guests aren't good enough. . . we want to amaze them.
- We k'nekt when we focus on our purpose and our core beliefs. We "k'nekt" with our customers to build loyalty and ultimately success for all.

The Busiest Buildings...and How They Get That Way

It's All About Booking Leverage

SMG Live Entertainment Division

SMG is the only management company with dedicated Corporate and Regional booking personnel supporting the efforts of our local General Manager. Our department serves as an advocate for SMG facilities worldwide, with a 1.75 million seat footprint. SMG was the first in the industry to be nationally recognized for its innovative approach to event booking. The large number of venues under SMG's management ensures involvement in the booking process long before these opportunities are available to non SMG-managed buildings.

SMG LIVE ENTERTAINMENT:

- Unprecedented promoter relationships world-wide
- Proprietary Booking System - SMGBooking.com
- Relationships with all national ticketing companies
- Daily contact with agents, managers and national touring promoters helps keep SMG-managed buildings top-of-mind
- Only responsibility is to fill our venues with the best in sports, entertainment and live attractions

The Best Run Buildings...and How They Get That Way

It's All About The People Behind The Performance

At each of our facilities every General Manager and his/her staff is selected because they believe in the SMG culture of providing the best guest experience and doing everything it takes to make that happen. We all know that the greatest performances look effortless, but have required untold hours of effort and technical expertise to pull off. No building stands alone in their efforts. Behind every great SMG staff stands the SMG Corporate Staff. Below we summarize the administrative expertise provided to each SMG facility.

FINANCIAL SERVICES:

- Each GM needs to know how they are doing
- Cash Management
 - System and advise
- Financial reporting and audit
- Risk Management:
 - Securing better rates by virtue of our size
 - Conducting safety audits to measure ourselves against national benchmark

HR SERVICES:

- Directing the ever-expanding compliance issues, nondiscrimination, immigration, etc.
- Compensation and benefits:
 - Assuring we are competitive in our industry and securing a benefit plan that is all encompassing
- Union negotiations:
 - Expertise to encourage dialogue
