Ingredients

Processed Grain By-Products, Grain Products, Plant Protein Products, Calcium Carbonate, Dicalcium Phosphate, Forage Products, Salt, Ferrous Sulfate, Manganese Oxide, Zinc Oxide, Copper Sulfate, Sodium Selenite, Manganese Sulfate, Calcium Iodate, Cobalt Carbonate, Mineral Oil, Kaolin, BROIL LAY PX-50# and dl-Methionine.

Feeding Directions

Feed as the sole ration to laying hens. This complete feed is formulated to meet all the nutritional needs of laying hens and pullets for egg production.

CAUTION

Do not feed to sheep due to copper levels in this feed.

Provide to Poultry Free Choice. Always provide clean water. Always make sure that feed is free of mold and insects. When making changes to a poultry diet, do so gradually over a one-week period.

This feed was designed for productive backyard flocks with average to slightly above average egg production. Calcium levels should be sufficient, however if soft shells become an issue we recommend supplementing oyster shell.
