Ingredients

Processed Grain By-Products, Forage Products, Plant Protein Products, Cane Molasses, Vegetable Oil, Propionic Acid, Roughage Products, SOY OIL, Molasses Products, Animal Fat, Dicalcium Phosphate, Calcium Carbonate, Animal Protein Products, Grain Products, Salt, Saccharomyces Yeast Culture, Kaolin, Potassium Sulfate, Magnesium Sulfate, MINTREX, GHP 2, Ferrous Sulfate, Zinc Sulfate, Manganese Sulfate, Copper Sulfate, Cobalt Carbonate, Calcium Iodate, Sodium Selenite, Mineral Oil, Sodium Bicarbonate, Vitamin E Supplement, Biotin, Riboflavin, Thiamine Mononitrate, Calcium Pantothenate, Vitamin A Supplement, Niacin Supplement, Folic Acid, Vitamin D 3 Supplement, Vitamin B12 Supplement, DEXTROSE, Manganese Oxide, Zinc Oxide, Mold Inhibitor, Anise, INTERGRAL, BIOTIN 100 and Lysine.

Feeding Directions

Feed to horses at the rate of .5 to 1.5 lbs. per 100 lbs. bodyweight depending on the quality and quantity of other feedstuffs available and the intended use of the horse. Do not feed free choice to any animal. Provide good quality hay or pasture.

CAUTION

Do not feed to sheep due to copper levels in this feed.

IMPORTANT MANAGEMENT PRACTICES: Always provide a fresh source of clean water, salt and free choice minerals at all times. When making any change in an animal's diet, plan a 7 to 10-day transition period. Do not allow feed to stay in feeder for a period of longer than 3 days. When feeding large amounts of this feed (over 5 pounds per day) split the feeding amount into two different feedings to reduce the incidence of colic. Poorly managed feeding programs can lead to nutritional disorders.

This is a pelleted feed designed for older horses or any horse that has trouble chewing and digesting standard horse feeds
