HEALTH RULES:

- Health papers are required. All goats consigned for public exhibition in Florida must be accompanied by official certificates of veterinary inspection dated not more than 90 days prior, certifying animals to be free from symptoms of contagious or infectious diseases.
- Goats imported into Florida must have an OCVI dated not more than 30 days prior. Dairy goats originating from Florida (not imported) are exempt from TB/Brucellosis testing requirements.
- All imported dairy goats 6 months of age or older must originate from a certified/accredited herd (with appropriate documentation), or have verifiable, documented negative testing results recorded on the OCVI.
- All animals must be free from clinical symptoms of caseous lymphadentis. Animals showing clinical symptoms of this disease will not be allowed to enter the area of activity or to become associated with animals entered by other exhibitors. With reference to CL, clinical symptoms is the term used to define enlargements of the lymph nodes, whether draining or not. Evidence of incised lymph nodes will be interpreted as prima facia evidence of CL in the animal under scrutiny.
- All animals must be free of all contagious diseases.
