

SWEETWATER COUNTY FAIR

GENERAL INFORMATION RULES AND REGULATIONS

Every exhibitor, concessionaire, employee or other person having business on the grounds must observe the rules and regulations formulated by the Fair Board or its authorized officials. The Fair Board reserves the right to determine rules and regulations and their interpretation and make the final decision as it relates to any and all conflicts as it relates to same.

Entry of Exhibits

Competition is open to Sweetwater, Daggett and Moffat Counties, unless otherwise stated. For the convenience of our exhibitors, on-line registration is now available at www.sweetwaterevents.com. Participants can enter online or at a computer terminal located at Sweetwater Events Complex.

On line registration can be done at the time you bring your exhibits in to be entered. However, if you have a large number of exhibits, it is advisable to enter online prior to bringing your exhibits. Entry tags will be printed at the Sweetwater County Events Complex.

Exhibits will be accepted in the main exhibit hall starting on Saturday, July 29 at 1:00 p.m. and ending at 5:00 p.m. and Sunday, July 30 between 9:00 a.m. and 8:00 p.m. Judging will take place Monday, July 31. Exhibitors will be allowed to take their exhibits home from 9:00 a.m. to 2:00 p.m. Sunday, August 6. No exception! The Fair is unable to assume responsibility for left exhibits.

Exhibits must be made in the name of the bona fide owner at the time of entry; provided that articles which are the product of manual, mechanical or artistic skill may be entered by the maker, inventor, manufacturer, artist or dealer. An entry made otherwise for the purpose of perpetrating a fraud will be removed from competition. If exhibits are determined to be placed in the wrong department the exhibit may be transferred to the proper department at the discretion of the department Superintendent. Because of the large number of entries and the limited space available, the Supervisors of each department may select those works which will be displayed and will also determine the award winners. Superintendent has discretion not to accept works which, are in poor taste or objectionable to public viewing.

Exhibit Hall

Open to the public, August 1 from 2 pm to 9 pm, then from August 2-5 from 10:30 a.m. to 9:00 p.m.

Security

Security service will be provided in the exhibit hall on a daily basis. Responsibility for loss, damage or injury to livestock or person or other property belonging to any individual while said property is being exhibited or used in connection with the Fair is the responsibility of the Exhibitor. Every precaution will be taken for the safety of all entries. The Fair shall not accept or be held responsible for the safe return of any exhibit to its owners, although due care and caution will be exercised to prevent all loss and damage. Exhibitors are encouraged to have insurance in place if needed.

Judging

Exhibitors are not allowed in their departments during judging time. Standards for awarding prizes prevent judges from awarding prizes to exhibits that do not meet acceptable standards within the various categories to be judged. Absence of competition will not be accepted as justification for awarding prizes within any class. Interference with judging or the judging process by any exhibitor or agent of any exhibitor may result in the removal of the exhibitor's exhibits. Decisions of the Judges are final.

Guidelines

1. All entries must be grown by the exhibitor and should be labeled as to variety whenever possible. Plants must be in the possession of the exhibitor for at least 3 months. All exhibits grown in a greenhouse after must be marked as Greenhouse. Exhibitors need not grow material used in arrangements.
2. Exhibitors must furnish clear glass jars or plastic containers suitable for the size of the entry.
3. Supervisors and clerks will care for all exhibits but cannot be held responsible for loss or injury to exhibits. Exhibitors will NOT be allowed to water their own plants during Fair without a clerk from the department present. Exhibitors are encouraged to mark containers and accessories used with owner's name and phone number.
4. Flower conditioning tips: Gather flowers in the cool of the evening or early morning. Cut flowers that are coming into full bloom. Flowers already in full bloom will not last the duration of the fair. Ideally, flowers should be cut no earlier than the day before they are to be exhibited. Cut stems at an angle and place in warm deep water immediately. It is desirable to have flowers shown with their own foliage whenever possible. Any leaves below the water level should be removed; woody stems should be mashed for optimum water intake. Flower buckets should be sterilized. After water has cooled, flowers should be placed in a dark, cool location overnight.
5. Condition implies that the entry is turgid and free of mechanical, insect, disease or spray and blemishes, and flower and foliage show evidence of good culture and grooming. Size is always according to cultivar; that is well grown and illustrating the potential of the cultivar.
6. Uniformity indicates that specimens in an exhibit of a given cultivar should be as nearly alike as possible in size, form and color. Where a number of cultivars are involved they may vary in size and color but should be in the same stage of development.
