2017 Washington County Fair
FFA Exhibitor Handbook

Washington County Fair
873 NE 34th Avenue
Hillsboro, OR 97124
(503) 648-1416  (503) 648-7208 fax
www.bigfairfun.com
FFA GENERAL RULES

All FFA activities at the Washington County Fair will be considered a school sanctioned function. All school rules will be followed during the Washington County Fair. FFA members will conduct themselves in the same manner as they would at school.

1. Open to currently enrolled FFA members in Washington County. Must be a member per national and chapter bylaws.

2. All exhibits must be a part of the project of the FFA member exhibiting.

3. All entries must be pre-registered online at www.bigfairfun.com no later than June 1.

4. Exhibitors may enter one like exhibit in any one lot.

5. Conduct of exhibitors shall be above reproach. These guilty of misconduct or vandalism shall forfeit all prize money and may be prohibited from exhibiting in future fairs.

6. All FFA members staying overnight at the fair are subject to campground rules.

7. Classes will be set-up or grouped by division per the fair.

8. Champion ribbons to be awarded at the discretion of the judge.

9. Non-livestock entries (Ag. Mechanics, Crops and Horticulture) will be received in the Land Products area See Entry Calendar for exact dates and times.

10. All agricultural mechanics exhibits must have been constructed by the exhibitors during the current year. These items must be agricultural in nature. If the exhibit is large, please contact the FFA Clerk prior to the June 1st entry deadline so the clerk can work with Fair Management to determine if space is available.

11. Rules for Exhibitors who enter in both FFA & 4H
   a. A member's project enterprise may not be the same species for both 4-H and FFA participation except as noted in B.
   b. In order for the projects to be split, they must be split with market and breeding animals in separate organizations; or if a breeding project, different breeds in separate organizations. Any violation of this exception will result in forfeiture of awards, premiums and removal from fair.
   c. When a member has started an enterprise in one organization, he/she may not switch that enterprise to the other organization during the school or 4-H club year.
FFA LIVESTOCK RULES

1. Animals are to be fitted and shown by the owner/member unless approved by a vote of the FFA Advisors.

2. Showmanship lots will be split by breed only if 4 or more exhibitors are entered in the breed.

3. Bedding (shavings only) may or may not be provided by the Fair, please check with your advisor prior to the Fair. If shavings are not provided the exhibitor is responsible for providing their own bedding.

4. Entries in sheep, beef, dairy, swine, and goats may be registered, purebred, or high grades, but the judges' placing will be based on the characteristics of the breed under which the animals are exhibited. No commercial male animals can be exhibited in breeding classes.

5. Commercial Divisions - no male breeding animals will be allowed.

6. Exhibitors must comply with all health requirements as well comply with the ODA Bio-Security Checklist, ODA Out of State Requirements and read the information sheet from the ODA on Malignant Catarrhal Fever in Cattle.

7. For the safety of the public, eating or open drinks are not permitted in the barns.

8. Calves born after June 1 of current year will not be allowed to show. Livestock entries must be in place according to the Entry Calendar. (page 6)

9. Steer calves may be exhibited in cow/calf classes, must be current year's calf born January 1 to June 1, and may be crossbred.

10. Livestock Health requirements: See the _ section of this website.

11. Exhibitors must show their own animal in showmanship contests with the exception of a chapter individual who has been assigned to care for an animal prior to county fair.

12. Exhibitor must show showmanship for each species that they enter or the member's premiums will be forfeit.
   a. No use of talcum powders, oil or other artificial coating materials will be allowed when fitting or showing animals in all swine classes. Animals with talcum powders, oil or other artificial coating materials shall be disqualified. All market lambs shall be slick shorn.

   b. All animals are subject to a health inspection before being allowed to enter the exhibit buildings.

   c. FFA members are permitted to show the same animal in open class dairy cattle, dairy goats, beef and sheep, rabbits & cavia providing the animals being entered in open class meet the open class show requirements and we have open class exhibitors registered in the class and lot. If there is a conflict with show times, FFA members must show in their youth class. FFA exhibits must be housed according to superintendent's direction.
d. Grand Champion Showman of a species must show the animal in which they won showmanship with unless approved by a vote of the FFA advisors.

e. All Stalls/Pens will be stripped by Youth Exhibitors (i.e.: FFA, 4H etc.) at the close of the Fair

f. Extra Handlers are permitted but must be in official dress during all fair competitions and events.

g. Dress Code

   i. Shoes must be worn at all times and be flat, closed toed shoes

   ii. Adequate coverage of the body is required. Halter tops, muscle shirts, exposed midriff, spaghetti straps, or otherwise revealing tops, exposed underwear, and very short skirts are no permitted.

   iii. Shorts are allowed as fair attire, provided that they are loose-fitting and mid-thigh length. Cut-offs and bathing suits are not allowed.

   iv. Tank tops that have wide straps and fit snug under the arms are acceptable.

h. Member may show until they turn 21 years of age however they cannot market past the summer of their graduating year.

**FAIR ADMISSION & FAIR PARKING**

Gate Admission to the Washington County Fair is Free.

**Exhibitor Parking:** One (1) season parking pass may be purchased by a registered FFA Fair Exhibitor (registered in Showorks by deadline) at the Fair Office for $20.00.

If Open Class or 4-H passes have already been issued or purchased, additional passes for FFA members will not be made available.

Passes must be purchased at the Fair Box Office between Saturday July 22nd at and Wednesday July 26th, 2017. **After that they will no longer be for sale, and no exceptions will be granted.**

*Damaged, lost, etc, passes will not be replaced. No exceptions.*

**General Fair Parking:** $10 per car per day

FIRE MARSHALL BARN RULES

By order of the Hillsboro Fire Department, the following conditions shall be met in the barn areas:

1. No Sleeping in the barns.
2. No heat producing appliances shall be allowed (Coffee Pots, Hot Plates, etc.)
3. No Smoking Signs must be installed.
4. Extinguishers shall be installed so that there is not more than 75 feet of travel distance to an extinguisher.
5. Keep all electrical panels locked to restrict access.
6. Stall decorations shall be treated to be fire retardant. Documentation is required.
7. Straw shall not be stored inside of the barns. This includes Hay & Alfalfa.
8. Shavings must be kept damp throughout the day.

CAMPING REGISTRATION

Registration and Rules are available on the bigfairfun.com website.

VET CHECK INFORMATION

Information is available on the www.bigfairfun.com website.
GENERAL LIVESTOCK HEALTH REQUIREMENTS

1. Please carefully read and follow the informational sheets from the Oregon Department of Agriculture on Malignant Catarrhal in Cattle, Out of State Livestock rules and the Biosecurity Checklist for Livestock Exhibitors from the Oregon Department of Agriculture.

2. Designated veterinarian will inspect all classes of livestock and poultry to determine that they do not show clinical signs of contagious disease or ecto-parasites.

3. Designated veterinarian will reject any animal with signs of infectious or contagious disease or ecto-parasites. Exhibitors need to be aware that ringworm, warts, pink-eye, strangles, sore mouth, lice and mites fall into these categories.

4. Animals exhibiting signs of disease during the course of the Fair will be isolated by the designated veterinarian and removed from the exhibit area as soon as possible.

5. The Fair’s designated veterinarian’s professional decision regarding the health status of an animal will be final and upheld by the Fair Management.

6. All pertinent health documents must arrive with livestock.

7. Any required vaccinations should be done no later than 60 days before fair.

8. Per the Oregon State Veterinarian, wash-racks, show rings and loading and unloading equipment should not be shared between cattle and sheep.

9. Per the Oregon State Veterinarian, cattle and sheep should be housed in separate barns.

10. Use of any drug that alters the behavior and/or performance of any exhibitor’s animal will be cause for both the animal and exhibitor to be disqualified and forfeit all premium money and awards.

11. SHEEP & GOATS - All individuals, (of Oregon and out-of-state origin) exhibited are required to have a premise I.D. number issued through the USDA Scrapie Eradication Program. Out of State animals are required to have a health document statement that there has been no known exposure to Scrapie. To obtain your premise I.D. number call 503-399-5871 or toll-free 1-866-873-2824.

12. CATTLE - All dairy and beef cattle, including nurse cows (exception below) shall have been tested and found negative for Brucellosis and certified thereto on health certificate. Such test to have been made not more than 60 days prior to date of fair. No animal from quarantined herd will be permitted to enter fair.
EXCEPTIONS FROM BRUCELLOSIS TEST REQUIREMENTS:
1. Calves less than 6 months of age.
2. Officially vaccinated animals under 30 months of age accompanied by proof of vaccination.
3. Cattle from a Certified Brucellosis Free Herd with Certification Number entered on Health certificate.
4. Cattle originating in a herd located in an officially designated Certified Brucellosis Free Area, County or State.
5. Steers
6. Cattle imported from other states must comply with interstate requirements.
7. Washington County, being a certified Brucellosis Free Area, no testing for Brucellosis will be required for individual dairy and beef cattle for the Fair.

MANURE DISPOSAL - Manure and waste handling instructions are available from department superintendents. Manure bins are located behind each barn.

MILK PARLOR RULES AND REGULATIONS
1. The milking parlor is for exhibitors with lactating cows
2. The Dairy Cattle Superintendent shall be in charge of developing a milking schedule
3. All milking will be subject to rules and regulations as established by the State Department of Agriculture and the Washington County Fair.
4. The Milking Parlor Superintendent will develop a milking schedule. Exhibitors missing their assigned milking time shall postpone use of the milk parlor until the other exhibitors have completed their milk.
5. Milk cannot be removed from the tank.
6. Cows entering the stalls shall be clean.
7. The milk parlor shall be kept clean at all times.
8. The exhibiter is responsible for cleaning up the area used.
9. Using the Milk Parlor as a wash rack is prohibited.
10. No hay or straw is allowed in the milk parlor.
BEEF- Department 20

Superintendent: Sherwood FFA Advisor
Exhibitors must comply with all health requirements as well comply with the ODA Bio-Security Checklist, ODA Out of State Requirements and read the information sheet from the ODA on Malignant Catarrhal Fever in Cattle. **Note: For the safety of the public, eating is not permitted in the barns.**

Classes:
1. Long wool
2. Crossbred
3. Medium
4. Natural Colored

PREMIUMS

First $5.00
Second/Third $4.00
Fourth/Fifth $3.00
Sixth $2.00
Eighth/Tenth $1.00
Seventh and up Ribbon and Points only

MARKET LAMBS – Department 31

Wether or ewe, must weigh between 110 and 155 lbs, grade choice or better, and gained a minimum of 0.30 lbs per day. Animals will be judged on foot. Refer to Auction Market Animal rules for details.

SHOWMANSHIP

Classes:
Novice A - First year in project
Novice B - One year completed in project
Advanced

PREMIUMS:

First $12.00  Second $10.00  Third $8.00  Fourth $7.00  Fifth $6.00  Sixth $5.00  Seventh and up Ribbon and Points only
MARKET SWINE DEPARTMENT 32

Superintendent Banks FFA Advisor
Note: Classes will be grouped at discretion of the superintendent and/or clerk.

***Please note for 2017 this is a Terminal Stock only Show no breeding stock will be allowed. Divisions and/or classes may be canceled please check with the Advisor.

Classes:

1. Feeder hog – Barrow or Gilt under 229 lbs., minimum weight of 100 lbs. Designed for animals not making market weight.

2. Market hog – Barrow or Gilt must weigh between 230-290 lbs. and grade No. 2 or better. Refer to Auction Market Animal Rules for details.

SHOWMANSHIP
Classes:

1. Novice A - First year in project
2. Novice B - One year completed in project
3. Advanced

PREMIUMS:

First $12.00 Second $10.00 Third $8.00 Fourth $7.00 Fifth $6.00 Sixth $5.00 Seventh and up Ribbon and Points only.
MEMBER & CHAPTER PROJECTS & EDUCATIONAL DISPLAY BOARDS – Department 33
Superintendent: Hillsboro FFA Advisor

This may consist of placards, charts, graphs, survey of home or farm, miniature models or use of project records. Demonstration of improved practices may be illustrated in some form. Record books must be exhibited. Table and wall space will be 36” in width for each exhibit. Exhibits exceeding the allotted space will be disqualified. Each chapter is eligible for a Supervised Farming exhibit. The member will stand the expense of the exhibit.

Exhibit must be in place by according to the Entry Calendar. All lettering shall be neatly printer or stenciled. Originality, with emphasis on use of light or moving displays will be encouraged.

EDUCATIONAL DISPLAY BOARDS

In order to help the public better understand agriculture, all chapters are strongly encouraged to create and submit educational displays related to their SAE’s or other FFA experience.

1. Exhibits must be agriculturally related
2. The exhibitors name and chapter must be clearly and neatly printed on the back of the entry.
3. All material must be prepared by the students.
4. All entries are exhibited at each exhibitors own risk.
5. Displays may be posters, storyboards or photo essays.

5. Saw Horse

Division E. Reconstruction
Class:
1. Trailers
2. Large Projects
3. Medium Projects
4. Small Projects

Note: Reconstruction entries must be accompanied with a statement indicating what was actually done, reason and what improvement was made. All projects need to include hours and cost involved. As well as current market value.
CROPS & HORTICULTURE –Department 36
Superintendent: All Advisors

1. Each exhibitor will be allowed one entry in each lot.
2. All crops and horticulture will be judged on the Danish system.
3. All exhibits of apples, pears, and prunes shall consist of 4 specimens.
4. All fresh berries shall be exhibited in 1-pint baskets.
5. All entries must be in place per the Entry Calendar.

A. Fruits

(All exhibits must be fresh)
All exhibits shall consist of 4 specimens except berries, which will be shown fresh in 1 pt. box.
Premiums: Blue $3.00 Red $2.00 White $1.00

Classes:
1. Apples – Grevenstien
2. Apples – Jonathan
3. Apples – Delicious
4. Apples – Winter
5. Blackberries
6. Blackcaps
7. Blueberries
8. Boysenberries
9. Marionberries
10. Raspberries
11. Strawberries
12. Kiwi
13. Pears – Bartlet
14. Pears – Anjou
15. Pears – Winter
16. Plums
17. Prunes – dried previous season, 1 qtr. plastic bag
18. Rhubarb
19. Peaches
20. Grapes – Table
21. Grapes – Wine
22. Other
23. Family orchard exhibit - Minimum of 5 varieties not to exceed 4 sq. ft.

B. Nuts

Premiums: Blue $3.00 Red $2.00 White $1.00

Classes:
1. 1 qt. jar filberts unshelled only
2. 1 qt. jar walnuts unshelled only
3. Other

C. Honey

Premiums: Blue $3.00 Red $2.00 White $1.00

Lots:
1. 1 pt. strained
2. 1 frame comb honey, wrapped in cellophane

D. Crop

Premiums: Blue $3.00 Red $2.00 White $1.00

Classes:
1. Beans, snap wax, 6 specimens
2. Beans, snap green, 6 specimens
3. Table beets, 1 1/2 to 3" diameter, 6 specimens
4. Broccoli, 1 stalk 3-5"
5. Brussel Sprouts, 1 stalk
6. Cabbage, red or green, 1 head
7. Carrots, 6 specimens, topped
8. Cauliflower, 3" head minimum (1)
9. Corn, Sweet, 3 specimens
10. Cucumbers, slicing, 3 specimens
11. Cucumbers, pickling, 6 specimens
12. Dill, 6 specimens
13. Eggplant, 1 specimen
14. Garlic, dry, 4 specimens
15. Kohlrabi, 3 specimens
16. Lettuce, 1 head
17. Lettuce, 1 bunch, tied
18. Onions, green, 2 bunches, 5 specimens per bunch
19. Onions, green, large, 4 specimens
20. Bell pepper, 1 specimen
21. All other peppers, 3 specimens
22. Potatoes, red, 6 specimens
23. Potatoes, white, 5 specimens
24. Pumpkins, 1 specimen
25. Squash, Butternut, 1 specimen
26. Squash, Hubard, 1 specimen
27. Squash, Danish, 1 specimen
28. Squash, Winter, 1 specimen
29. Squash, Summer, 1 specimen
30. Squash, Zucchini, 3 specimens
31. Squash, crook neck, 3 specimens
32. Swiss Chard, 6 leaves
33. Tomatoes, slicing, 4 specimens
34. Tomatoes, green slicing, 4 specimens
35. Tomatoes, salad, 6 specimens
36. Tomatoes, paste, 4 specimens
37. Turnips, 5 specimens
38. Other vegetable, 1 specimen
39. Most unusual vegetable, 1 specimen
40. Largest Vegetable
41. Home Garden Exhibit - To be selected from the home garden for which the FFA member has a major responsibility. The exhibit shall consist of from 5 to 10 vegetables of different varieties not to exceed 20 individual vegetables and in a display not to exceed 4 sq. ft. Exhibitor must exhibit in at least four other crops or horticulture areas to receive premiums.

**Special Award**

THE WASHINGTON COUNTY FAIR BOARD will give an added premium of $15.00 for First and $7.50 for Second place in lot 69 – Home Garden Exhibit.

**E. Grain (1 qt. jar)**

Premiums: Blue $3.00 Red $2.00 White $1.00

**Classes:**

70. Barley, 2 row
71. Barley, 6 row
72. Oats, white
73. Wheat
74. Oats, gray
75. Other
F. Grain Sheaves
(3-5" diameter or base)
Premiums: Blue $3.00 Red $2.00 White $1.00
Classes:
1. Barley
2. Oats
3. Grass
4. Wheat
5. Legume

G. Grass & Legume Seed
(1 pint jar)
Premiums: Blue $3.00 Red $2.00 White $1.00
Classes:
1. 81. Crimson Clover
2. 82. Ryegrass
3. 83. Red Clover
4. 84. Vetch
5. 85. Fescue
6. 85. Other.

Hay & Silage
Premiums: Blue $4.00 Red $3.00 White $2.00
Hay to be wrapped in transparent cover. Silage to be wrapped in 1-quart plastic bag.
Classes:
1. Corn Silage & Red Clover Silage
2. Timothy Hay
3. Grain hay
4. Oats & Vetch
5. Grass 1 legume hay
6. Red Clover
7. Meadow or wild grass hay
8. Alfalfa

I. Nursery
Premiums Blue $4.00 Red $3.00 White $2.00
Classes:
1. Conifer seedling, 2 specimens
2. Deciduous seedling, 2 specimens
3. Broadleaf evergreen seedling, 2 specimens
4. Conifer cutting, 2 specimens
5. Deciduous cutting, 2 specimens
6. Broadleaf evergreen cutting, 2 specimens
7. Budding propagation, 2 specimens
8. Grafting propagation, 2 specimens
9. Fruit cutting, 2 specimens
10. Groundcover, 2 specimens
11. Nursery Exhibit, 5 different species, 2 specimens

J. Floral
Premiums Blue $4.00 Red $3.00 White $2.00
Classes:
1. Dahlia, 1 flower head
2. Gladiolus, 1 flower spike
3. Rose, flower/long stem unless gradiflorea, floribunda, or miniature, then one stem or spray.
4. Marigold, 3 flowers
5. Zinnia, 3 flowers
6. Chrysanthemum, 3 stems, any number of flowers
7. Daisy, 5 single flower stems
8. Other, 1-5 of any flower not mentioned
9. Herbaceous blooming, 2 specimens
10. Herbaceous foliage, 1 specimen
11. Hanging basket flowering, impatient, 1 specimen
12. Hanging basket flowering, fuchsia, 1 specimen
13. Hanging basket flowering, geranium, 1 specimen
14. Hanging basket flowering, begonia, 1 specimen
15. Hanging basket flowering, mixed flowers, 1 specimen
16. Hanging basket flowering, strawberries, 1 specimen
17. Hanging basket foliage, 1 specimen
18. Hydrangea, 1 specimen
19. Cactus/Succulents, 2 specimens
20. Patio Planter
21. Dish garden/Terrariums
22. Flower arrangement
23. Dried material, 3 specimens
24. Greenhouse crops, commercial, 5 different species
25. Other

PHOTOGRAPHY PAINTING AND DRAWING FARM LIFE –Department 37
Superintendent: All Advisors

1. Each exhibitor will be allowed one photo in each lot.
2. All photos will be 8 x 10
3. Each Exhibitor will submit an explanation of the photo.
4. Entries will be in place according to the Entry Calendar.
5. Premiums: Blue $3.00 Red $2.00 White $1.00

Division A: Color Photos
Class:
1. Animals
2. Equipment
3. Farm Life
4. Combination

Division B: Black and White Photos
Class:
1. Animals

4. Combination
LANDSCAPE EXHIBITS – Department 38
Superintendent: Hillsboro FFA Advisor

1. Each chapter will select its own theme. Themes must be posted by the exhibit and on design diagram. Entries are due on June 1st.
2. Landscape designs may be set up Monday, July 24 and must be complete by Wednesday, July 26 at 10:00 am.
3. Designs to consist of a plan draw to scale on 18”x24” paper. The plans may be computer generated.
4. The plan is to be drawn to scale 1”=1’. The scale used must be shown on plan. The name of the Chapter is to be shown at the bottom right-handed side of the sheet. The plants are to be keyed using any standard format.
5. To be the work of one or more members of the Chapter. Adult involvement limited to instruction and counsel, or premium money will be withheld.
6. Exhibitors will be responsible for providing all material for the exhibit. The exhibit is to occupy and outside space of 14’x 14’. Space will be assigned as Chapters arrive to set up their entry. Bark dust and sod will not be provided. Chapters will be responsible for leaving their exhibit space clean following the Fair. Chapters not leaving their area clean will have premium money withheld by the fair.
7. Exhibitors are responsible for care of exhibits daily. It is recommended that exhibits be checked at least 3 times per day. Members failing to care for exhibit will have premiums withheld.

TRACTOR DRIVING CONTEST
Superintendent: Hillsboro FFA & Forest Grove FFA Advisors
Saturday 9:00 A.M. Main Arena
County contest rules will follow those of State Fair. To receive a copy of the rules see your advisor. First place individual goes to State Fair; second place is runner up for State Fair. The high scoring FFA Tractor Contestant will receive a rotating trophy sponsored by the Baune Family. Top three winners will receive trophies sponsored by Ag West.

HERDSMANSHP
Superintendent: FFA Advisors
The HERDSMANSHP award is made on a chapter basis.

To be considered for herdsmanship, the exhibitor must have his or her exhibitor card neatly completed and displayed. Herdsmanship is to be done by exhibitors only. Herdsmanship will be judged between 9 a.m. and 9 p.m.

Banners will be awarded to the top chapter exhibiting beef, sheep, dairy, swine, dairy goats, meat and pygmy goats.

Awards are sponsored by are sponsored by the Hillsboro FFA Alumni
MASTER SHOWMANSHIP RULES

1. In order to participate in the Master Showmanship contest, you must have won grand champion showman in your showmanship class. If an exhibitor has won multiple grand championships, exhibitor must pick one species to compete in the Master Showmanship contest. The reserve grand champion will then compete in the Master Showmanship contest for the other species not chosen by the grand champion.

2. The Master Showmanship contest is only for those FFA members who are currently attending high school and for the graduating senior, following the summer of their graduating year.

3. For those FFA members who have graduated one year or more but are under the age of 21, we will have a Collegiate Master Showmanship contest if there are at least four exhibitors.

4. Five species of animals will be shown in the Master Showmanship contest. The species exhibited will be determined by the five species with the most individual exhibitors. This is subject to change at the advisor’s discretion based on availability of animals of similar size, age, breed, type, etc. Master Showmanship participants are asked to help locate the five animals that will be used as well as helpers to hold/move animals between rotations.

5. All five Master Showpersons will show the same species at the same time. A rotation will be announced ahead of time, and all five participants will rotate together. Approximately 12 minutes will be allowed per rotation with 3 minutes to rotate to next species.

6. Master Showmanship participants will be judged on their ability to show/present the species, as well as their ability to answer questions asked by the judge. Fitting of the animal WILL NOT be included in the placing. Showpersons WILL NOT exhibit their own animal.
LIVESTOCK EXHIBITOR CODE OF ETHICS
Print, sign and turn into the FFA Clerk

Exhibitors at the Washington County Fair (WCF) shall at all times act with integrity and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of animal and agricultural education. This code applies to 4-H & FFA Exhibitors, their parents, family members and leaders, and all Open Class exhibitors who compete at the WCF. This Code of Ethics is an addition to Washington County Fairs rules and regulations, which still apply.

All youth leaders, parents, family members, superintendents, volunteers, and show officials working with 4-H & FFA exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. They are expected to maintain high ethical values and engage with a positive cooperative manner so that those younger and more pliable will be influenced by exemplary leaders.

Owners, exhibitors, parents, family members, fitters, trainers, superintendents, volunteers, show officials and responsible livestock persons who violate this code of ethics and/or demean the integrity of the livestock competition may be subject to disciplinary action. Disciplinary action(s) may cause expulsion from participating in current and/or future WCF shows, loss of class placing, forfeiture of premiums, awards, and auction proceeds. Those individuals in violation of the Code of Ethics may be required to appear for a disciplinary action hearing to be held within 24 hours of the violation(s). The disciplinary hearing panel will consist of the current WCF livestock committee and at least 2 members of the Fair Board. If applicable, a member of the auction committee and/or the 4-H agent /FFA advisor may be included in the panel. The violating individual may appeal the results of the hearing in writing within 24 hours for final review by the full Fair Board.

The results of disciplinary action may or may not be kept confidential.

The following is a list of guidelines for all WCF competitive livestock events:

1) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, superintendent, volunteer, show official, or responsible person to have disciplinary action taken by the WCF for violation of this Code of Ethics and any other rules of competition of the WCF show without recourse against the WCF.

2) The act of entering an animal at the WCF is the giving of verification by the owner, exhibitor, fitter, trainer, superintendent, volunteer, show official, or responsible person that he or she has read the WCF Code of Ethics and understands the consequences of and penalties provided for actions prohibited by the code.

3) All exhibitors must present, upon request of WCF officials, proof of ownership, length of ownership, and age of all animals entered. Animals bred and birthed by the owner may submit personal birth records or letter describing birth and ownership. Misrepresentation of ownership, age, or any related facts is prohibited.

4) Owners, exhibitors, fitters, trainers, or responsible persons shall provide animal health certificates from licensed veterinarians upon request by WCF officials.

5) 4-H & FFA animals are expected to be cared for, groomed, and fit by their exhibitors while at the WCF.

6) For animals entering the food chain (market animals):
a. Animals will be free of prohibited drug and subsequent residues. Animals shall be presented at show events as if they were to immediately enter the food chain.

b. Any drug that alters and/or affects the animal's performance or appearance is strictly prohibited. Livestock shall not be exhibited even if these types of drugs were administered in accordance with federal, state and local statutes, regulations and rules.

c. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing.

d. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be evidence such substance has been administered to the animal either internally or externally.

e. Integrity of fluid collection samples and assumption of laboratory accuracy: It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

f. At any time after an animal arrives on the WCF premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian, the direct owner of the animal or a qualified individual under supervision or with consent of the owner.

7) For Breeding animals:

a. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and local statutes, regulations and rules.

8) Any surgical procedure or injection of any foreign substance or drug, or the external application of any substance which could affect the animal's performance or alter its natural contour, conformation, or appearance is strictly prohibited.

a. This includes, but is not limited to: irritants, counterirritants, or similar substances;

b. This excludes: external applications of substances to the hoofs, horns or coat (in accordance with show rules), and the administration of substances during surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal.

9) The use of showing and/or handling devices that strike animals and cause swelling are not acceptable and are prohibited.

10) Direct criticism or interference with the judge, WCF management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, WCF management, or other show officials shall be treated with courtesy, cooperation and respect. No person shall direct abusive or threatening conduct toward another.
11) No owner, exhibitor, fitter, trainer, or responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics.

12) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in violation of this code of ethics.

---

WCF LIVESTOCK PARTICIPANT STATEMENT

I have read and understand, and in consideration for being permitted to participate at this event, agree and consent to abide by the rules of competition, including the WCF Code of Ethics. I further understand that violation of any WCF rules or the WCF Code of Ethics may cause disciplinary action that may result, but not limited to, in expulsion, forfeiture of premiums, awards and auction proceeds as well as future participation at the WCF.

rBST AFFIDAVIT

I hereby state and affirm all raw milk fluid marketed by
______________________ Meets each of the requirements listed below.

1. rBST has not been injected into any cows used to produce milk sold in the past ninety days.
2. I will refrain from using rBST treatment on any cows under my management and control.
3. I will use due diligence in the purchase of additional milk cows in a good faith attempt to assure they are rBST free at time of purchase.
4. If requested, will agree to permit a third party inspection, evaluation of milk cows and facility in order to confirm the accuracy of this affidavit, or rBST free status.
5. I will give thirty days written notice before injecting any cows with rBST.

I consent to and agree to comply with the above requirements listed.

Biosecurity Recommendations for Livestock Exhibitors at the Washington County Fair

Livestock shows and exhibitions like the Washington County Fair provide a great opportunity not only for the exhibiting of livestock but also provide the opportunity to educate the public about agriculture and food animal production. At the same time this also creates an environment for the potential exposure and spread of animal disease. The combination of close confinement, comingling of animals from different origins, travel-related stress, and the change in environment all increase the risk of exposure as well as potentially compromise the ability of an animal to resist disease. In addition, the increased interactions with other exhibitors and general fairgoers may also contribute to potential disease exposure. Finally, at the completion of the exhibition livestock returning home can serve as a source of infection for the animals at home.

All these issues make the implementation of biosecurity and management practices by animal owners and exhibitors before, during and after the fair important.

General Requirements for Livestock Exhibitors at the Washington County Fair

- All animals must be examined by the official Veterinarian on the day they are admitted to the Fair.
- No animal may enter, or be on display, that is showing clinical signs of any infectious, contagious, or communicable disease, including ringworm and warts.

Biosecurity Recommendations for before the Fair

- Only healthy animals should be entered at the fair. All animals should be carefully evaluated for signs of disease or to going to the fair. If you have any questions, please have your veterinarian examine the animal.
- Carefully consider whether you want to bring animals that would return home after the fair, consider the risk this may present to animals at home.
- Follow vaccination guidelines (if provide) and give vaccination(s) at least 30 days before the event.
- Disinfect all equipment, such as buckets, shovels, wheelbarrows, halters, lead ropes, etc., before entering the fairgrounds.
- Vehicles and trailers used to transport animals to and from the fair (private and commercial) should be well cleaned and sanitized between uses, both inside and out.
- Limit the mixing/commingling of species in the same trailer, at a minimum segregate in different compartments when possible.

Biosecurity During the Fair:

- Do not share equipment with other exhibitors unless it is cleaned and disinfected before and after use.
• Minimize animal to animal contact.
• Minimize animal to human to animal contact.
• Avoid use of communal water sources.
• Minimize animal stress by keeping them cool, well bedded and comfortable.
• As much as possible, minimize feed and water changes from home to fair.
• Keep unused equipment and feed, bagged or covered to reduce the risk of contamination.
• The person caring for animals at the fair should not perform animal related chores at home. If the same person must do both, do chores at home first. Do not wear the same clothes to care for the animals at home and animals at the fair.
• If an animal becomes ill at the Fair, consult the fair veterinarian.

Biosecurity Recommendations for After the Fair:

• Clean and disinfect all items at the end of the fair before taking them home.
• Properly dispose of unused bedding, hay and feed after the fair. Do not bring it home.
• The most bio-secure way to transport your animal home is in your own vehicle and/or trailer. Mixing animals from other farms increase the risk of exposure to diseases.
• After arriving home, keep fair animals isolated from other animals and pets for at least 30 days. Check these isolated animals every day for any signs of illness. Care for isolated animals separately, then change your clothes, clean and disinfect your boots and wash your hands before tending your other animals.
• Contact a veterinarian right away if you see any unusual symptom in any animal.
Three major areas of focus:

1. Livestock Exhibitor Outreach

Livestock Exhibitors have been provided the opportunity to attend Bio-Security training; these practices must be implemented by the exhibitor.

The Fair will provide a safe barnpen layout and showings to prevent animals and the public from crossing paths (foot traffic).

The Fair will provide signage in the barns including signs for each pen requesting that the animals not be touched.

Exhibitors are expected to keep their areas clean, remove manure as soon as possible, throughout the day wipe down panels with bleach wipes, keep pathways misted to prevent dust, keep all fans at least 3 feet off the ground and not point toward the ground.

Prevent cross-contamination between animals.

Exhibitors are expected to not allow, to the best of their ability, anyone to touch their animals. If contact does happen, the exhibitor must immediately intervene and take action by requesting the person to immediately wash their hands with soap and water (not hand sanitizer) and to not touch their mouth or face until they have washed. This is a good opportunity to also educate the person about the importance of not touching the animals.

Exhibitors are expected to educate the public and fellow exhibitors regarding animal and person health and safety procedures.

Exhibitors are required to use the separate animal travel paths to prevent the public from crossing paths (foot traffic) with animals.

Exhibitors are strictly prohibited from eating inside the barns and showings and may only drink beverages from containers with a twist-off cap while in the barns and showings.

All cattle used for rodeo or timed events must have a negative Tuberculosis test within twelve months before entry into Oregon.

All cattle used for rodeo or timed events must have a negative Tuberculosis test within twelve months before entry into Oregon.

Any bull that will be sold in Oregon requires a negative bovine Trichomoniasis culture test within 30 days before import or have a certifying statement that they are virgin bulls under 12 months of age and have had no breeding contact with female cattle.

All cattle are required to have an Oregon ownership inspection (brand) document before leaving Oregon to their next destination.
Requirements for horses from out-of-state

All horses must have either a Certificate of Veterinary Inspection or a Six-Month Passport. Each of these also requires an import permit. Horses over six months of age (unless from the state of Washington) are required to have evidence of a negative test for (EIA) equine infectious anemia within six months of entry.

Requirements for sheep and goats from out-of-state

All sheep and goats are required to have a Certificate of Veterinary Inspection and require an import permit number. All sheep and goats must have official scrapie identification. If lactating goats are entering, their milk must be discarded during any stay in Oregon unless they have been tested as negative for Brucellosis and Tuberculosis.

Requirements for swine from out-of-state

All swine are required to have a Certificate of Veterinary Inspection and an import permit number.

All swine over six months of age coming from the state of Texas must be negative to a Brucellosis test within 30 days before entry unless they originate from a validated Brucellosis free herd.

Requirements for llamas and alpacas from out-of-state

All alpacas and llamas are required to have a Certificate of Veterinary Inspection and an import permit.

Requirements for poultry from out-of-state

All poultry entering Oregon for exhibition purposes must be accompanied by a Certificate of Veterinary Inspection (health certificate), an import permit and negative Pullorum Typhoid testing within 30 days of shipment. In lieu of the above requirements, poultry from current NPIP member flocks may enter Oregon on a VS 9-3 form.

Sincerely,

Don Hansen, DVM, MPVM
State Veterinarian
Oregon Department of Agriculture
Malignant Catarrhal (ca-tar,-al) Fever (MCF) in Cattle

Background of the outbreak at Puyallup Fair

Last fall at least 19 cattle died from a Malignant Catarrhal Fever (MCF) virus infection. They apparently caught the virus from lambs while attending a fair in Puyallup, WA. Although there are several stains of the virus that cause MCF, domestic sheep carry the strain usually infecting U.S. cattle. MCF infection in young sheep is widespread but they do not develop signs of disease. Infected lambs between 5 and 9 months old may shed large amounts of virus and may serve as a carrier of infection to susceptible animals like cattle and bison.

The MCF virus attacks organ blood vessels so clinicals signs may include; sudden death, high fever, crusty muzzle, opacity (cloudiness) of both eyes, eye and nasal discharge, sores on lips and tongue and/or difficult breathing. Most cattle with clinical signs do not recover and there is no treatment for this viral disease.

The Puyallup Fair outbreak resulted from a set of events that occurred with near perfect timing for spreading this or any other disease. The following factors combined and MCF was a result. There has not been a similar tragedy in over 100 years affair history.

- All animals were moderately stressed from being at fair,
- Young sheep/lambs and cattle were housed closely together,
- Humidity was high (80 to 100%) during the fair,
- Barn-air circulation patterns moved from sheep or lambs toward cattle,
- Cattle and lamb exhibitors handled each other's animals,
- Cattle and lamb exhibitors exchanged jackets among each other.

Factors to Consider

Remember, it is not common here, for cattle to develop MCF even the sheep strain, and separation from sheep is not always necessary, especially from adult sheep. However, some caution may still be warranted for housing cattle and lambs very near each other. Separating cattle from lambs (including separate ventilation) may prevent MCF and other diseases as well. A WSU report showed that distance made a difference.

<table>
<thead>
<tr>
<th>Distance between lambs and bison</th>
<th>5 ft</th>
<th>14 ft</th>
<th>17 ft</th>
</tr>
</thead>
<tbody>
<tr>
<td>Death rate in bison</td>
<td>17.5%</td>
<td>6.1%</td>
<td>0.4%</td>
</tr>
</tbody>
</table>

Exhibitors moving between cattle and sheep may have contributed to MCF spread at the fair. They may have easily carried the virus from animal to animal on clothing, hands, boots or equipment.

- To help prevent MCF keep cattle separated from lambs/sheep
- MCF is not transmitted from animal-to-animal among cattle
- MCF does not affect people

Report any unusual diseases/deaths to your veterinarian or the state veterinarian.
Bio-Security Procedures for Managing Livestock Contact

In an effort to reduce exposure for animals to person diseases at the Washington County Fair, the following procedures shall be enacted.

Three major areas of focus:
1. Exhibitor Outreach
2. Reduction in Contamination
3. Public/Customer Outreach

1. Livestock Exhibitor Outreach

Livestock Exhibitors have been provided the opportunity to attend Bio-Security training, these practices must be implemented by the exhibitor.

The Fair will provide a safe barn, pen layout and show rings to prevent animals and the public from crossing paths (foot traffic).

The Fair will provide signage in the barns including signs for each pen requesting that the animals not be touched.

Exhibitors are expected to keep their areas clean, remove manure as soon as possible, throughout the day wipe down panels with bleach wipes, keep pathways misted to prevent dust, keep all fans at least 3 feet off the ground and not point toward the ground.

Prevent cross-contamination between animals.

Exhibitors are expected to not allow, to the best of their ability, anyone to touch their animals. If contact does happen, the exhibitor must immediately intervene and take action by requesting the person to immediately wash their hands with soap and water (not hand sanitizer), and to not touch their mouth or face until they have washed. This is a good opportunity to also educate the person about the importance of not touch the animals.

Exhibitors are expected to educate the public and fellow exhibitors regarding animal to person health and safety procedures.

Exhibitors are required to use the separate animal travel paths to prevent the public from crossing paths (foot traffic) with animals.

Exhibitors are strictly prohibited from eating inside the barns and show rings and may only drink beverages from containers with a twist off cap while in the barns and show rings.
2. Reduction in Contamination
Where possible, show rings will be located away from areas where the public will cross paths with animals. For show rings where that is not possible, the Fair will provide one location where animals are allowed to cross. This designated crossing area shall be managed by the Livestock Supervisor, and Livestock Superintendents, who will ensure that during livestock crossing the public will not be allowed into the area and the area will be completely sanitized with Virkon-S, and logged, prior to opening the area back up to the public.
In the livestock barns, the pens and barns will be configured by the Fair, in such a way that the public does not cross paths (foot traffic) with animals. Animals will have their own traffic paths that are separate from those of the public. Handwashing Stations will be inspected and serviced hourly by Fair staff to ensure that they are operational and stocked with supplies.
3. Public Outreach
Signage explaining the risks of animal to human disease will be posted at the main entrances to the Fair, at the entrances to Livestock Zone in both English and Spanish.
Signage on how to prevent diseases associated with animals and animal areas will be posted on the outside and inside of the barns in both English and Spanish.
Signage at the exit areas of the Livestock Zone will request the public to wash their hands, shoes and stroller wheels prior to leaving the area, in both English and Spanish.
If available, trained volunteers will be available at the entrances and exits of the Livestock Zone to educate the public on staying healthy around animals.
Foot Pump Handwashing Stations will be located at the entrance/exit of each barn.

Handwashing Trailers will be located at the exits of the Livestock Zone with signage in English and Spanish encouraging those handwashing.
Barn Set-up is Tuesday July 25 from 10:00 AM to 8:00 PM. See Entry Calendar for Move-In & Vet Check Times
